

# ST. JOHN LLOYD CATHOLIC COMPREHENSIVE SCHOOL

## *School Mission Statement*

### *Learning and Growing Together in Christ*

*“As a Catholic School we aim to develop a Christian Community which believes in and affirms the dignity and value of the individual and encourages its members to develop their potential in terms of knowledge, understanding, spiritual, moral, cultural and physical awareness”.*

## ST JOHN LLOYD CATHOLIC SCHOOL

## **Health & Safety Policy**

Reviewed by Governors OCTOBER 2023

## ***“Learning and Growing Together in Christ”***

### **INTRODUCTION**

As outlined in section 2 (3) of the Health and Safety at Work Act 1974, employers have a duty to prepare a written policy statement with respect to the health and safety at work of employees. Sections 3 and 4 of the Act places additional duties in respect of safeguarding the health and safety of others who may be affected by their undertaking ( e.g. pupils, visitors, contractors).

The policy is in three main parts -

The **statement** which is the commitment of the governors to ensure a safe and healthy place of work, and to employ safe systems of work.

The **organisation** for implementing the policy, including allocation of functions to individuals.

The **arrangements** for carrying out the functions allocated to individuals and monitoring the effectiveness of the policy.

In accordance with the provisions section 2 (3), **ST JOHN LLOYD CATHOLIC COMPREHENSIVE SCHOOL** has prepared a policy statement in respect of safeguarding the health and safety of employees and others in **ST JOHN LLOYD CATHOLIC COMPREHENSIVE SCHOOL. See Policy Statement.**

## **GENERAL SAFETY POLICY**

### **1.0. STATEMENT OF POLICY**

This is the health and safety policy of **ST JOHN LLOYD CATHOLIC COMPREHENSIVE SCHOOL** which should be read in conjunction with the health and safety policies of Carmarthenshire LEA.

The governing body is committed to ensuring a high standard of health, safety and welfare for all staff, pupils, visitors and contractors, by ensuring the following -

- a. A healthy and safe environment throughout the school.
- b. That the school has a Health & Safety Officer.
- c. Arrangements to ensure that no person is adversely affected by working practices, articles, substances or machinery used in school which are unsafe.
- d. Provision and dissemination of health and safety information which is received from the LEA and other sources.
- e. The provision of adequate health and safety training to all employees.
- f. Safe means of access and egress.
- g. Adequate welfare facilities for all staff.
- h. Procedures for emergencies such as fire, first aid and other school related incidents.
- i. Monitoring of health and safety standards in the school, together with a review of
- j. accident/near miss statistics.
- k. Access to specialist help with references to health and safety matters (LEA).
- l. Encouragement for staff to participate in the promotion of health and safety standards in the school (promotion of joint consultation).

The second section of the policy details the Organisation, where areas of responsibilities are clearly set out in an organisational hierarchy, with a précis of the levels of responsibility placed upon the designated persons.

## ***“Learning and Growing Together in Christ”***

### **2.0. ORGANISATIONAL STRUCTURE**

As previously mentioned, the Health and Safety at Work Act 1974 places duties on employers to safeguard the health and welfare of employees and others, with regard to education. This duty falls onto the County Council as the body corporate, with delegated responsibility to the Education Department - Local Education Authority (LEA), and under Local Management of Schools (LMS), delegated responsibility to the Headteacher and Governing Body.

#### **2.1. Responsibilities of School Governors**

Governors have duties and responsibilities under the Education Reform Act 1988 with regard to the control and overall effective management of the school. The responsibility for the day to day management of ST JOHN LLOYD CATHOLIC COMPREHENSIVE SCHOOL is delegated under the Local Management of Schools scheme to Governors, Headteacher and staff, and for areas under their control they should comply with the LEA's policies.

**N.B.** Health and Safety responsibilities will be viewed in the same light and as such liability remains with the LEA, if with respect to this school's health and safety management the governing body as far as is reasonably practicable had complied with such policies. However should the governing body not comply with LEA policy, the LEA could in order to meet its statutory obligation under the Health and Safety at Work Act 1974 intervene in the health and safety management of the school.

Therefore the statutory responsibility for health and safety under LMS in ST JOHN LLOYD CATHOLIC COMPREHENSIVE SCHOOL is shared between the LEA and the School (Governing Body, Headteacher and staff).

#### **2.2. Responsibilities**

The Headteacher has overall responsibility for Health & Safety within the school and is assisted by the school Health & Safety Officer.

(Normally the headteacher adopts the role of the Health and Safety Co-ordinator. In some cases the role of H&S Co-ordinator may be delegated to e.g. Deputy / Senior Teacher to assist the head teacher).

The role of the Headteacher in ST JOHN LLOYD CATHOLIC COMPREHENSIVE SCHOOL is to comply with LEA policies with respect to his/her delegated responsibilities, and to prepare and implement local health and safety procedure for his/her area of control.

The Headteacher is responsible for the day to day management of the school, including health and safety management aspects such as risk management, which incorporates principles of risk assessment, accident prevention, fire precautions, provision of first aiders, etc.

Duties and responsibilities are defined as follows -

## ***“Learning and Growing Together in Christ”***

- i) Gathering information and implementing at a local level current health and safety policy/guidelines and procedures produced by the LEA (e.g. the requirement to carry out risk assessments for school activities in accordance with the Management of Health and Safety Regulations 1999).
- ii) Ensuring that staff and others are given appropriate information, instruction and training where necessary in respect of health and safety, and are implementing safe working procedures at a local level.
- iii) Ensuring that adequate resources (money, time) are made available for health and safety issues at a local level (in liaison with the School Governing Body - who have responsibility for delegated budgets for the school)..
- iv) Establish procedures within the school for the reporting of health and safety hazards, clearly detailing course of action to contact the appropriate body (e.g. property section) for remedial works.
- v) To ensure that accident and incidents of violence reporting procedures are adhered to by school staff and that all accidents are recorded and reported whenever necessary in accordance with the LEA procedure, in order to comply with requirements of legislation.
- vi) To ensure adequate provision for first aid; the recommended number of trained first aiders, appointed persons, first aid boxes and supplies, etc. in accordance with LEA guidance, and in order to comply with Health and Safety (First Aid) Regulations 1981.
- vii) Establish emergency evacuation procedures at a local level, ensuring that all concerned (staff, pupils, visitors) are given the appropriate information and instruction. Refer to the LEA school Critical Incident Plan.
- viii) To ensure that all fire fighting equipment is in place and properly inspected and tested and that fire drills are carried out on a regular basis (at least once a term, and a fire log book is used to record data.
- ix) Establish monitoring procedures to ensure compliance at all levels (all school staff, pupils) with LEA policies, procedures and guidance and with local school site health and safety procedures.
- x) To ensure that health and safety issues are discussed at School Governor Meetings, and appropriate action taken in respect of ensuring continuous compliance with LEA policies, procedures and guidance.
- xi) To request health and safety advice from health and safety professionals when there are areas of great concern, where a degree of expertise is required to ensure that staff and others are not put at risk.
- xii) To ensure that all contractors on site liaise with the Headteacher and follow county and LEA guidance on the guidance "Control of Contractors".

## ***“Learning and Growing Together in Christ”***

- xiii) Responsibility of the school to ensure that the Headteacher participates in health and safety training courses arranged by the LEA.

### **2.3. Administrative Staff**

Administrative staff (including staff dealing with dinner monies) are responsible for implementing safe working procedures in respect of their activities at ST JOHN LLOYD CATHOLIC COMPREHENSIVE SCHOOL, which should comply with the LEA policies, procedures and guidance as appropriate and with the school's health and safety procedures.

### **2.4. Caretaker**

The caretaker is responsible for ensuring that he/she implements safe working practice in respect of their activities on and around ST JOHN LLOYD CATHOLIC COMPREHENSIVE SCHOOL and complies with LEA policies, procedures and guidance as appropriate.

N.B. In general the caretaker's sphere of activities is quite broad and in some instances failure to implement safe working practices could affect all persons on the school site. Work activities including the changing of light fittings, external and internal maintenance, general labouring, security, movement of furniture, etc. are activities with a degree of risk and appropriate controlled measures should be taken to reduce risk to ensure that staff, pupils and visitors to ST JOHN LLOYD CATHOLIC COMPREHENSIVE SCHOOL are safe and without risk.

### **2.5. General**

This policy incorporates the aspects of the LEA health and safety policy that are relevant to the school. However, the requirements of the LEA policy should be regarded as minimum requirements.

After the joint consultative process of the school involving the school governors, the Head, school staff and trade union safety representatives and/or staff representatives, the policy should be ratified by the governing body or a sub-committee of governors.

The policy should address those matters over which the school has control, and cover local issues such as movement of traffic, provision of first aid, and emergency procedures.

## ***“Learning and Growing Together in Christ”***

### **Arrangements**

This is the largest section of the policy, and details how the commitment given in the policy statement is to be carried out.

The governing body has to plan for the school to be able to implement health and safety policy by setting health and safety objectives and performance standards for their school.

The following is a list of arrangements from the LEA policy, and these can be adopted to suit local needs. This list is not exhaustive, and can be added to if there are issues pertinent to the school. The LEA policy will be reviewed and amended as necessary, and such amendments should then be reflected in the school policy.

The following is a list of arrangements which the governors of ST JOHN LLOYD CATHOLIC COMPREHENSIVE SCHOOL will implement in order to ensure the health, safety and welfare of all staff, pupils, contractors and visitors as far as reasonably practicable.

### **ARRANGEMENTS**

#### **Accident Reporting**

- The school will ensure that all accidents, incidents of ill health and dangerous occurrences are reported in accordance with the LEA Accident Reporting information pack.

#### **Administration of Medication**

- The school will comply fully with the LEA policy / guidance on the "Administration of medication" pack.
- The Governors and headteacher will produce a school safety policy on the administration of medication.
- The LEA will monitor compliance.

#### **Asbestos**

- It is the responsibility of the Council to ensure a survey / Risk Assessment is carried out in each school.
- A central register of asbestos must be held by the school and kept accessible at all times.
- The Headteacher is responsible for ensuring that references are made to the register where the school commissions maintenance and repair works.
- Reference must be made to County Guidance (on site copy) of Managing Asbestos.

## ***“Learning and Growing Together in Christ”***

### **Building / Premises defects**

- The school will ensure that regular formal inspections of buildings, premises (including walls and fences) and written records of defects noted and a programme for remedial measures.
- The school will maintain a defects book where all members of staff can enter defects noted. Book will be continually monitored to ensure defects remedied.

### **Particular matters requiring attention:**

- School will ensure that all steps, stairs, and thoroughfare (hard based areas and grassed areas) are maintained in a condition which is safe.
- Regular inspections of the school site will be carried out (defects noted and remedial measures put in place)
- Matters such as e.g. spillages / wet floors / trailing cables etc. must be identified and rectified.
- Maintenance regimes must ensure a standard of adequate lighting particular to stairwells, external steps etc.
- Arrangements will be in place for treating pedestrian thoroughfares when ice, snow, leaves etc. cause a slipping risk.
- The LEA will monitor for compliance.

### **Cleaning & the Use of Substances Hazardous to Work**

- School will ensure that only approved cleaning materials are used and premises are kept in a clean, hygienic condition.
- All cleaning materials will be kept under locked storage.

### **Contractors**

- School will ensure that all small works commissioned by the school or otherwise will be monitored and liaison with the contractors by the school to ensure a safe interface between school and contractor.
- Any problems regarding health and safety of the works will be referred by the school to the Property Services Section and where appropriate to the Site Management Division.
- Large scale works will be undertaken under the control of the Property Services Department.
- The LEA will monitor for compliance.

## ***“Learning and Growing Together in Christ”***

### **Design & Technology**

- The schools will have a current edition of "Make It Safe" (NAAIDT) and will ensure full compliance with the document.

### **Display Screen Equipment**

- The school will ensure full compliance with LEA Guidance sheet.

### **Electricity**

- The school will comply with the LEA H&S policy on Electricity at Work and will periodically monitor compliance.
- School will ensure only "approved" appliances are used and all repairs and maintenance are carried out by a competent person.

### **Emergency Situations**

- School must ensure that immediate access to LEA guidance "Critical Incident Plan" and that the plan is tailored to the specific school site.
- Finger traps in doors and gates
- All doors / gates will be risk assessed and appropriate safeguards put in as necessary.

### **Fire**

- The school will ensure a Fire Safety Risk Assessment has been carried out by a competent person (Central Safety Unit).

N.B. Enquiries to Site Management Division regarding the programme for fire safety risk assessments.

- The school will action any shortfalls resulting from the Risk Assessment
- The school will ensure compliance with termly fire drills in accordance with LEA guidance.

### **First Aid**

- School must ensure the provision of First Aid is in accordance with LEA guidance which covers the number of Certificated First Aiders / Appointed Persons etc.

N.B. Site Management hold a database of all First Aiders and reminders for re-certification.

## ***“Learning and Growing Together in Christ”***

### **Furniture / Equipment**

- School will ensure that all new furniture is purchased in consultation with the LEA Site Management Division to ensure compliance with the relevant British Standards etc.
- The School will ensure that formal checks are made on the condition of furniture / equipment and any defects found rectified / taken out of use.

### **Gas**

#### **Manually Operated Gas Boilers:**

- The school will ensure in the event of flame failure, re-ignition must not be attempted by the cleaner / caretaker but referred to Property Services / Competent Gas Engineer.

#### **Other Gas Equipment:**

- School will ensure that all gas equipment is regularly inspected by a competent engineer e.g. Gas Safe engineer as per LEA policies.

#### **Gas Leaks:**

- The school will ensure that clear instructions are in place for the procedures to be taken in the event of a gas leak - refer to LEA Critical Incident Manual.

### **Glazing**

- A glazing survey / risk assessment will be arranged through the LEA and a programme put in place by Property Services.
- The school (in liaison with the LEA) will attend to any shortfalls identified.

### **Hot Surfaces (Radiators, heaters, pipework etc.)**

- All hot surfaces will be risk assessed in accordance with the Model Risk Assessment and appropriate safeguards put in as necessary.

### **Inadequate Heating**

- School will ensure compliance with such matter as temperature and ventilation requirements as prescribed in the school premises regulations and other relevant legislation.

### **Kitchen Safety / Hygiene**

- School will ensure in liaison with Area Catering Managers that the kitchens are maintained in a safe and hygienic condition. (N.B. Any concerns must be raised a.s.a.p. with the Area Catering Managers).

## ***“Learning and Growing Together in Christ”***

### **Manual Handling**

- School will ensure that any problem areas (in relation to Manual handling) are risk assessed and appropriate control measures put in place. Further advice on the subject may be obtained from Site Management Division and the model Risk Assessment for Primary schools.
- The LEA will arrange for periodic training for caretakers / cleaners in charge re safe lifting practices.
- School will ensure that a Care Plan / Individual Action Plan is in place, which has carefully Risk Assessed the moving and positioning of pupils and all the necessary control measures in place.

### **Out of Hours**

- School will ensure that the premises are safe for out of hours letting and the necessary security measures are in place (refer to LEA guidance "Securing the Future").

### **Out of School Visits**

- School will ensure full compliance with all the requirements of the "Educational Visits and Journeys" document and this information will be brought to the attention of all relevant staff.

### **Physical Education**

- The school will ensure that all P.E. activities fully comply with the standard as set out in the current BAALPE (British association of Advisers and Lecturers in physical education) Safe Practice in physical education guidance and that this be brought to the attention of all staff.
- These standards are generic in nature and the school will ensure that site conditions are taken into consideration during the Risk Assessment process.

### **Playground Equipment**

- All playground equipment must be maintained to relevant British Standards and approved by the LEA.
- A maintenance regime must be in place to ensure equipment is kept in a safe and serviceable condition (refer to model Risk Assessment for Primary schools).

## ***“Learning and Growing Together in Christ”***

### **Pregnant / Nursing mothers / staff undergoing I.V.F. (In vitro fertilization treatment)**

- The school will ensure that in the event of an employee notifying the headteacher of being pregnant or undergoing I.V.F. treatment a full pregnancy risk assessment will be undertaken and the necessary control measures put in place.

N.B. Further advice and guidance may be sought from "New and expectant mothers health and safety information" booklet.

### **School Minibuses**

- School minibuses must be operated strictly in compliance with the LEA Guidance "Safe Operation of Mini buses) and specific on site responsibilities for the safe condition of the vehicle.
- School must ensure all drivers are assessed and trained to the MIDAS (Minibus Drivers Assessment Scheme) standard. All drivers should have the category D3 on their license.

### **Science**

- School must ensure full membership of CLEAPSS and is in receipt of all their information updates. (as per LEA policy)
- School must ensure that they adhere to the standards as set out in the ASE guidance "Be Safe".
- In the event of a health and safety issue school should refer the matter to the Science Advisors CSS / Cynnal and/or the Education Safety Co-ordinator.

### **School Ponds**

- School must adhere to the LEA guidance "Installation of a school pond" (LEA Health & Safety Policy) regarding the construction and safe use of schools ponds and ensure periodic monitoring to ensure that gates and fencing are in good condition (refer to Appendix in Health & Safety policy).

### **Smoking**

- Schools will comply with the County Policy and meet requirements of any new legislative changes (e.g. Approved Code of Practice)

### **Stress**

- Schools to comply with the advice and guidance package produced by the LEA. Any specific problem regarding stress should be referred to Personnel section of the LEA.

### **Swimming**

## ***“Learning and Growing Together in Christ”***

- School must ensure that a copy of the Risk Assessment for pupils attending the local swimming baths has been obtained from the pool manager and that all relevant staff are aware of the division of responsibilities between the school and the pool staff.
- School should contact Site Management and where there are safety implications that require to be resolved. (A copy of HSE document Safety in Swimming Pools is held in Site Management section).

### **Traffic on School Sites**

- School must comply with the requirements of the LEA Traffic Management Guidance (appendix of LEA Health & Safety Policy) and compile a specific risk assessment on the management of traffic at the school site.
- School must ensure as a major component of the school policy a safe interface between vehicular traffic and pedestrians.

### **Vermin / pests on site**

- Action to control vermin and pests must be in strict compliance with the requirements of the Model Risk Assessment.

### **Violence**

- School will ensure that the information contained in the "Violence in Educational Establishments" information pack is followed and brought to the attention of all employees.
- School will ensure that the LEA guidance document "Securing the Future" is followed and where appropriate implemented.

### **Volunteers**

- Schools will ensure the safety of all volunteers on site and must make reference to the LEA guidance which covers controls in respect of using volunteers.

### **Window Cleaning**

- School must ensure that only competent window cleaners are engaged, and will ensure they receive a Risk Assessment / Method statements detailing how the windows will be cleaned safely.
- Schools should refer to the LEA guidance on safety on Window Cleaners.

## ***“Learning and Growing Together in Christ”***

### **Working at Heights**

- School must ensure that all persons working off floor level are carefully Risk Assessed and appropriate control measures in place.
- Where high level access is necessary e.g. (light tube changing multi purpose halls) schools should contact the Site Management division who will arrange for competent staff to carry out the necessary works.

### **Young Persons on Work Experience**

- Where the school has a work experience placement then a specific Risk Assessment must be undertaken and the hazards to the individual identified and the risk controls measures put in place.
- School must comply with LEA policy - a copy of which can be obtained from Site Management.

### **Monitoring the Health and Safety Policy**

The LEA has a legal duty to monitor its safety policy, and this will be done by receiving the results of the annual health and safety audit. The audit will produce an overall summary of health and safety arrangements within the school, and governors may wish to nominate a governor (or sub-committee) to complete the audit at a convenient time in the year. (The LEA has provided the Audit proforma for the school to use, a copy of which must be readily available for monitoring by the LEA).

Governors may also wish to monitor the policy as follows -

- a. As an agenda item during governing body meetings.
- b. Monitoring the accident reports.
- c. Carrying out health and safety inspections (this may be done jointly with the trades union health and safety representatives if so desired).
- d. Checking maintenance reports e.g. gas appliances, electrical equipment inspection etc.
- e. Investigating complaints from staff, pupils, visitors, parents and taking appropriate action.

Governors may also wish to review reports from enforcing authorities (e.g. HSE Inspector)

*Further information regarding monitoring of the health and safety policy is given on page 7 of the HSE publication "The Responsibilities of School Governors for Health and Safety", a copy of which is available from Site Management.*
